These Projects, monitored by Ōtākaro Ltd have added real value to the New Brighton sporting community which were in desperate need for some upgrades. The Eastern Sports Hub received a much needed upgrade to their 70 year old clubhouse, rugby fields and lighting. Next to the hub a brand new softball diamond was also installed. The South Brighton Tennis Club received a full replacement of their courts and now have court lighting as well as renovations to their clubhouse.

The brand new Rawhiti Multi- Purpose Sports Canopy is a covered all-weather purpose-built floodlit facility to meet the local community's diverse sports and recreation needs. The Guardians of Rawhiti is located next to the Canopy. The nature themed playground includes play equipment, a fort, zip-line and log climbers.
