

# ULTRAFIBRE FIBRE UFB PRICE CAPS

As at 6 May 2020

This document, published and maintained by Crown Fibre Holdings Limited (CFH), sets out the Price Caps for Services offered by Ultrafast Fibre Limited (UFF) under its UFB Reference Offer. The Price Cap for a Service may not be the same as the Charge for that Service (although the Charges cannot exceed the Price Caps). Not all Services are subject to Price Caps. Please refer to the UFF Reference Offer, available at <http://www.ultrafastfibre.co.nz/rfps/publications-resources-and-tools/wholesale-services-agreement>, for a more detailed description of the Services listed below.

The structure of this document reflects the UFF Reference Offer Price List. Capitalised terms used in this document have the meanings given in the UFF Reference Offer, unless otherwise defined.

ANCILLARY CHARGES			Charge invoiced	Price Caps**
<b>9</b>	<b>BITSTREAM SERVICES</b>			
9.1	<b>New connection or plan change with no site visit required</b>	Establishment of a new instance of a Wholesale Service over existing fibre or change to configuration of an existing instance of a Wholesale Service. This charge does not apply to establishment of a new Wholesale Service on existing fibre where there was no Connection fee for the original residential Connection.	Completion of Service Order.	Charge equivalent to 1 month's recurring fee for the new service. In the case of a new Connection the charge may not exceed the transactional Charge that would be payable to establish the service instance if an installation was required.
9.2	<b>SDU new Connection - external lead-in</b>	Additional charge for Connection of a Single Dwelling Unit where the Fibre Lead-In (from FAP to ETP) exceeds the Standard Install distance specified in the Operations Manual.	Completion of Service Order.	\$0
9.3	<b>SDU new Connection - internal wiring</b>	Additional charge for Connection of a Single Dwelling Unit where the extension of the Fibre Lead-In from the ETP to: (a) a suitable mounted SC/APC connector at a secure location inside the End User Premises; or (b) if there is an OFDF beyond the ETP, a splice or LCA connector on the OFDF, exceeds the Standard Install distance specified in the Operations Manual.	With approval of the Service Provider, following completion of	\$9.02 per internal metre.
9.4	<b>MDU new Connection - external lead-in</b>	Additional charge for Connection of a Multi Dwelling Unit End User where the Fibre Lead-In (from FAP to the OFDF or equivalent within the MDU) exceeds the Standard Install distance specified in the Operations Manual.	Completion of Service Order.	\$0
9.5	<b>MDU new Connection - internal wiring</b>	Additional charge for Connection of a Multi-Dwelling Unit where the extension of the Fibre Lead-In from the ETP to: (a) a suitable mounted SC/APC connector at a secure location; or (b) if there is an OFDF beyond the ETP, a splice or LCA connector on the OFDF, within the End User tenancy, exceeds the Standard Install distance specified in the Operations Manual.	With approval of the Service Provider, following completion of	\$9.02 per internal metre.
9.6	<b>MDU new Connection - internal reticulation</b>	MDU installation will require provision of backbone cabling in a MDU either vertical riser cabling or campus reticulation. It may also include cabling from FAP to OFDF, OFDF, splitters and cabling from backbone to individual tenancies as agreed with the Service Provider and the building owner or their agents. This item recovers the additional cost (if any) for installation of the backbone cable over the standard contribution that UFF provides.	Completion of Service Order.	Time and materials, calculated using the following rates: \$108.65 per hour for design, \$92.25 per hour for installation, plus the cost of materials. Less an amount equal to \$1,000 multiplied by the number of individual tenancies served by the backbone cabling. UFF will only charge for MDU reticulation where the cost of reticulation, calculated using above rates, exceed UFF's contribution of \$1,000/tenancy.
9.7	<b>Provision of Priority User service route, entry point and Central Office diversity</b>	Provision of diversity to an End User that is a Priority User and within the diversity areas specified in the Service Description, comprising a separate diverse fibre from a separate FAP at the End User premises to a separate point of entry and separate OFDF at a single Central Office, or to a second Central Office. May include construction of a diverse duct and cabling route from the End User premises to separate points of entry and separate OFDFs at a single Central Office, or to a second Central Office.	Completion of Service Order.	POA. Time and materials, calculated using a rate of \$108.65 per hour for design and \$92.25 per hour for installation, plus the cost of materials.
9.8	<b>No fault found</b>	Fixed charge for fault call that is closed "no LFC fault found".	Completion of fault investigation.	\$107.45 fixed fee if a truck roll is required. \$41.00 fixed fee if no truck roll is required.
9.9	<b>Inability to complete request.</b>	Fixed charge for work that cannot be completed either because the order is cancelled by Service Provider or End User after the order has been passed to service company, or where access cannot be gained to End User's site at the agreed time where visit is required to deliver UFB Service, for a reason not caused by UFF. This charge will not apply where access was prevented by a Force Majeure event.	Following site visit or cancellation.	\$174.25 fixed fee.
9.10	<b>Service Provider Operational Readiness Programme</b>	Testing, training and consultation pursuant to the Operational Readiness Programme.	Completion of Service Order.	Time and materials, calculated using the following rates: Interoperability testing: \$153.75 per hour; training service \$99.70 per hour, plus actual travel costs (as applicable the costs of flights, public transport fares, taxi fares and standard mileage rates for motor vehicles as published by Inland Revenue) to Service Provider's site.
9.11	<b>Additional staff training</b>	Charge for Service Provider staff training (at Service Provider's site) on the operation and use of OSS/ BSS. Maximum of 10 persons per course.	Completion of training.	Time and materials, calculated using the following rates: \$102.19 per hour, plus actual travel costs (as applicable the costs of flights, public transport fares, taxi fares and standard mileage rates for motor vehicles as published by Inland Revenue) to Service Provider's site.
9.12	<b>Subsequent development of new UFB Service</b>	Development of new UFB Service Templates as part of Product Development Process including testing and consultation.	Completion of development process.	Time and materials, calculated using the following rates: \$153.75 per hour plus the cost of materials.

9.13	<b>Manual line testing and site investigation</b>	Measurements performed by a specialist group of service company staff to ascertain actual rather than theoretical estimated Wholesale Service characteristics, such as might be required when an estimated result has returned a value that is marginal for an intended service. Includes site investigations.	Completion of investigation.	Time and materials, calculated using the following rates: \$87.13 per hour plus the cost of materials.																																																										
9.14	<b>Additional Charges</b>	Charges for the services provided by UFF referred to in clause 7.2 of the General Terms, to the extent not already covered by another Ancillary Charge.	Completion of Service Order.	Time and materials, calculated using the following rates: office resource \$102.19 per hour, field technician \$87.13 per hour, Central Office technician \$92.25 per hour, plus the cost of materials.																																																										
9.15	<b>Non-specified Ancillary Charges</b>	Where the Service Provider requests a service not already covered in the price List and UFF agrees to provide that service.	Completion of Service Order.	Time and materials, calculated using the following rates: office resource \$102.19 per hour, field technician \$87.13 per hour, Central Office technician \$92.25 per hour, plus the cost of materials.																																																										
9.16	<b>Bitstream Transfer layer one change</b>	The change in termination of a fibre on the MOFDF on request or to transfer of the Bitstream Service connected to an End User's premises from one Service Provider to another, as authorised by the End User.	Completion of Service Order.	Time and materials, calculated using the following rates. \$87.13 per hour plus the cost of materials.																																																										
9.17	<b>Bitstream Transfer layer two change</b>	The transfer of the Bitstream Service connected to an End User's Premises from one Service Provider to another, as authorised by the End User by change of port mapping.	Completion of Service Order.	\$25.55 fixed fee.																																																										
9.18	<b>Bitstream relinquishment</b>	Where the Service Provider terminates supply of the Bitstream 2, 3, 3a, 3b or 4 Service in respect of a particular End User. This entails UFF updating its records and billing. UFF may either physically disconnect the Bitstream at any point between the exchange and the End User's Premises or leave the Bitstream circuit intact.	Completion of Service Order.	Early Termination Charge (if any) in accordance with section 4 (Recurring Charges).																																																										
9.19	<b>Access remapping</b>	Design and reconfiguration of affected network elements to map existing Bitstream Service connections to a new Handover Point.	Completion of Service Order.	Time and materials. The basis for determining the charge is the estimated equipment, time and materials incurred to design and implement a re-mapping including network rebuild design and systems changes.
